

# THE SWEET EXCHANGE

 *Molly Scarborough*

*Tired of the things surrounding you at home?*

*Have no use for the PS3 game that you got for Christmas last year?*

*Sign up for a once in a life time personal exchange and Molly will come to you!*

*Great value for no price.*

*Together both you and Molly will discuss and come to a consensus on an exchange.*

*The Sweet Exchange is a project in which Molly Scarborough invites you to exchange with her.*

*Running in an area near you soon!*

*Molly will host a pop up stall in your area where you will be able to check Molly's availability and sign up for a great deal; a fair deal.*

*The Sweet Exchange is a one to one personal exchange.*

*This project intends to explore use-value, exchange value, personal & sentimental value all through the mode of exchange.*

*The Sweet Exchange asks its participants to gather objects they no longer need or use thinking mostly of its use-value rather than it's economic value or price.*

*Both participants, Molly (the leading participant) and the secondary participant (you), find 5+ objects that they no longer need or use.*

*These 5+ objects will then be up for exchange. The objective is to conduct a fair exchange and to come out of the exchange with an object or objects that the participant will now use.*

*The participants are not obligated to exchange.*

*This project was initially designed for the Chichester area (the leading participants place of residence) and ran for the duration of a week. It can be adapted to other areas but only runs in one specific area at a time.*

*The Sweet Exchange runs a pop up stall in which the willing participants sign a contract to confirm the time and place of the exchange.*

*The appointments that the participants book last around 15 minutes and are situated in the secondary participants place of residence.*
